

AACR American Association for Cancer Research

Research Funding

Research grants are open to junior faculty and postdoctoral and clinical fellows from around the world, with a few restricted to investigators in the U.S. **Deadline: 12/01/05**

- AACR Gertrude B. Elion Cancer Research Award
- AACR Career Development Awards
- AACR Research Fellowships

Scholar Awards and Travel Grants

To enhance the education and training of investigators at all levels of professional development—from undergraduate students to tenured faculty—the AACR offers a variety of grants that provide financial support for attendance at scientific meetings sponsored by the AACR worldwide. Specific programs exist to acknowledge the scientific contributions of underrepresented groups including women and minorities. Deadlines vary by meeting.

- AACR Minority-Serving Institution Faculty Scholar Awards in Cancer Research
- AACR Minority Scholar Awards in Cancer Research
- AACR Scholar-in-Training Awards
- AACR-Women in Cancer Research-Brigid G. Leventhal Scholar Awards in Cancer Research
- AACR-Thomas J. Bardos Science Education Awards for Undergraduate Students

For details about these funding opportunities, visit the AACR Web site at www.aacr.org. NW2216A

SOFJA KOVALEVSKAJA AWARD

The Alexander von Humboldt Foundation will grant again one of the best endowed research awards in Germany. Applications can be submitted by outstanding young post-doctoral scientists and scholars from abroad and of all disciplines. Applicants should be no more than 35 years of age.

The funding of up to a total of EUR 1.2 million for each award enables its winners to conduct their own research work, to finance a workgroup at a German university or non-university research institution, and to cover their own living expenses over a period of four years.

Application documents and further information:
